HOW TO USE — 4 STEPS

- 1 **Each prompt contains 6 personal variables** shown in **[SQUARE BRACKETS]** — such as **[NAME]** **[NICHE]** **[SUBJECT]** etc. Replace each with your own details before using.
- 2 **Browse the 100 prompts** grouped into 5 categories. Find one that matches the look you want to create — each is a complete image generation prompt.
- 3 **Copy the prompt text** and replace every **[TOKEN]** with your personal detail. See the example below — it shows a blank template next to the same prompt fully filled in.
- 4 **Paste the completed prompt** into ChatGPT, Midjourney, Adobe Firefly, or DALL·E 3. The preamble at the top helps the AI understand each variable before it reads the creative prompt.

A Frida Kahlo-influenced portrait of [NAME] whose chest is open to reveal [SUBJECT] as a miniature landscape inside – a small [PALETTE] meadow with a stream, a single tree growing from the sternum, birds nesting near the collarbone, sunlight entering through the open ribs from the sky outside. [AESTHETIC] Kahlo directness: direct gaze, dignified presence, the absolute refusal to be pitied for carrying [NICHE] inside your chest. The private interior of [NAME]'s creative experience made literal exterior form – the [NICHE] universe as the landscape that lives within the creator. For [PLATFORM].

A dreamlike underwater scene where [NAME]'s [NICHE] exists as a grand ballroom on the ocean floor – [SUBJECT] as formally dressed dancers moving in slow motion through [PALETTE] water as if it were air, hair floating upward, gown trains trailing in the current, schools of tropical fish weaving between the couples like living confetti. [AESTHETIC] grand traditional architecture: rolling ladders and warm reading lamps in [PALETTE] tones, the reader at the central table able to choose any [NICHE] universe by reaching for any book. A cinematic luxury menswear editorial for [NAME]'s [NICHE] – [SUBJECT] as [NAME] in a perfectly cut three-piece suit of [PALETTE] mid-grey flannel, white shirt, grenadine tie, double monk-strap shoes, standing in a library-paneled room of a 1920s Manhattan apartment, a whiskey glass and [NICHE] materials on the leather-topped desk behind, autumn Central Park visible through tall windows. [AESTHETIC] Ralph Lauren campaign tradition: the clothing almost secondary to the aspiration being sold – [NAME]'s version of [NICHE] authority, taste, and comfort that has nothing to do with money and everything to do with choices made over decades. For [PLATFORM].

A magnificent luxury flower market photograph for [NAME]'s [NICHE] – [SUBJECT] as a Dutch flower wholesale market at 5am, its vaulted iron hall filled with hundreds of thousands of stems organized into visual fields of overwhelming [PALETTE] abundance: a sea of white peonies here, a hillside of dusty pink ranunculus there, cobalt delphiniums against a wall of apricot roses. [AESTHETIC] one [NAME]-figure moving through the fields with a clipboard, choosing: the commercial reality of where beautiful [NICHE] content comes from, and the pure visual pleasure of being inside impossible abundance. For [PLATFORM] as the [NICHE] image that makes everyone stop.

A final luxury editorial image for [NAME]'s [NICHE] – [SUBJECT] as a master craftsperson in their Paris atelier holding up a completed commission: a single handbound [NICHE] creation in full [PALETTE] calfskin with gold-tooled decoration, a pattern of interlacing vines and a central cartouche with [NAME]'s initials, everything hand-cut and hand-sewn, the headbands woven in silk thread. [AESTHETIC] hands showing years of craft: strong, careful, stained with the materials of [NICHE] in the creases of the knuckles. [NAME] holding something that will outlast most buildings currently standing. That is the [NICHE] luxury being sold: permanence, in a world of disposability. For [PLATFORM].

[AESTHETIC] warm afternoon light from the left, spines casting thin parallel shadows on the marble. A hand reaches into the frame and picks up Book 1.
