VARIABLES

GUIDE

HOW TO USE THIS PROMPT BOOK

100 personalised professional headshot image prompts — each with 6 variable slots. Replace the **[TOKENS]** with your details and paste into any AI image tool.

HOW TO USE — 4 STEPS

- 1 **Each prompt contains 6 personal variables** shown in **[SQUARE BRACKETS]** — such as **[NAME]** **[TITLE]** **[APPEARANCE]** etc. Replace each with your own details before using.
- 2 **Browse the 100 prompts** grouped into 5 categories. Find one that matches the look you want to create — each is a complete image generation prompt.
- 3 **Copy the prompt text** and replace every **[TOKEN]** with your personal detail. See the example below — it shows a blank template next to the same prompt fully filled in.
- 4 **Paste the completed prompt** into ChatGPT, Midjourney, Adobe Firefly, or DALL·E 3. The preamble at the top helps the AI understand each variable before it reads the creative prompt.

YOUR 6 VARIABLES — WHAT EACH MEANS

[NAME]	Your full name	[TITLE]	Your job title or role
[APPEARANCE]	Brief physical description	[OUTFIT]	Professional attire
[EXPRESSION]	Desired expression/mood	[BACKGROUND]	Background or setting

No photo needed for some tools. *Midjourney and Firefly generate images from text alone. For ChatGPT, upload your photo alongside the prompt for best results.*

Tip: *The preamble at the start of each prompt (the variable definitions) helps the AI understand your values before reading the creative prompt — always keep it when copying.*

EXAMPLE — PROMPT #1 — TEMPLATE VS FILLED-IN

TEMPLATE (UNFILLED)

A photorealistic professional headshot of **[NAME]**, **[TITLE]**. **[APPEARANCE]**, wearing **[OUTFIT]**. **[EXPRESSION]** expression communicating executive confidence. Shot on an 85mm lens, soft studio lighting, **[BACKGROUND]**.

FILLED-IN EXAMPLE (TOKENS REPLACED WITH YOUR DETAILS)

A photorealistic professional headshot of **Sarah Chen, Marketing Director**. **35-year-old woman, shoulder-length dark hair,** wearing **tailored navy blazer**. **Confident and approachable** expression communicating executive confidence. Shot on an 85mm lens, soft studio lighting, **clean white studio**.

↑ **Accent tokens** = *what to replace*. **Green text** = *example values filled in*. Copy the prompt, swap every bracketed token for your own detail, and paste into your AI image tool.
